

# THE PLAYERFIRST EXPERIENCE FEATURES

## EXISTING FEATURES (As of 8/30)

### Players & Parents

- View your schedule
- View individual player's team schedules (*via the profiles tab*)
- Update your player's attendance to each event
- Respond to team chats or your coach directly
- Share an access code and give read only access to other family members (*allows you to share without giving away your account password!*)
- Edit player profile information
- View & pay invoices
- Tournament calendar syncs to the Soccer Events Group app, so tournament schedules show up on your PlayerFirst app schedule once live!
- Sync to phone calendar (*now from the main and team schedule page!*)
- Easier to navigate bottom screen tabs
- Event location link to google maps
- Custom notepad for each event for uniform, arrival time & other info!
- Instant refresh on app - with a refresh button added!
- Customized messaging subjects that include the team name in the subject
- Mark all emails as read in 2 clicks!\*

*\*we heard your ask for the ability to delete all messages, and while we understand, due to communication security reasons, this feature will not be added*

### Managers & Coaches Only

- All players & parent adds
- Add a new location for an away game
- See player/parent contact information to use as needed via the roster page
- *\*team and group communication still needs to stay within the app, this information is not intended for general communication to leave the app*
- View individual team schedules under the "Teams" section on your dashboard!
- Start group messages with your team or some of your players
- Message other coaches/team managers directly!

**MORE FEATURES COMING SOON!**
